UNITED NATIONS ARE ASSURED THAT ALLIES ARE PREPARING TO MOVE ON TOWARD CRUSHING GERMANY, JAPAN

Defeating Hitler and Tojo on Home Grounds Will Be No "Easy Matter," States Roosevelt — Emphasizes Government's Determination to Insist on Unconditional Surrender of Italy.

By Kingsbury Smith
(I. N. S. Staff Correspondent)
WASHINGTON, July 29—(INS)—All the people of the United Nations today had assurances from President Roosevelt that the Allied forces are preparing to move on to the bigger task of crushing Germany and Japan, now that Italy has been virtually knocked out of the war.

In one of his most important fire-side radio reports to the nation, the President last night warned that defeating Hitler and Tojo on their home grounds will be no "easy matter," emphasized this government's determination to insist on the unconditional surrender of Italy, and announced a social security demobilization plan for the men and women of the armed services.

In an address that covered a wide range of subjects on both the home and fighting fronts, President Roosevelt also announced the end of coffee rationing as of today; promised greatly increased allowances of sugar within a short time, but called on the American public to make greater sacrifices in the future to win the war.

There was one major issue the President did not mention—the subject of taxes. He was silent on the Treasury's recent statement that taxes will have to be heavily increased next year to help pay the cost of the war.

He disclosed officially that the American government intends to insist that Benito Mussolini and his Fascist henchmen be punished for "their crimes against humanity," said that the war against Italy will go on "until the Italian people realize the futility of continuing to fight," but held out the promise of a helping hand to them as soon as they capitulate.

In connection with the Pacific conflict, the President announced that the Allies now have superiority in the air over Burma. He also predicted that the Japanese will be unable to support for long their outposts in Burma, Siam, the Straits Settlements, the Dutch East Indies, New Guinea and the Solomons.

However, he warned at the same time that "we are still far from our main objectives in the war against Japan." He said the Allied forces in the Pacific are "pushing forward to occupation of positions which in time will enable us to attack the Japanese islands themselves from the north, south, east and west."

By-Laws and Constitution Are To Be Submitted

The by-laws and constitution which are to govern the proposed new volunteer fire company in the sixth ward will be submitted to the membership tonight.

The group will meet in Karp's hall at eight o'clock and the men of the ward are asked to attend, if they are interested in the movement.

It is also expected that a committee named last week to visit a number of proposed places for the fire station will make its report. This committee will report upon the availability of several places and what opportunity there is for adapting each to the needs of a fire station.

45-Acre Estate, Lower Makefield, Transferred

The Trenton Trust Company through Lewis M. Parker et ux, has just conveyed to Penn Valley Constructors, the Glenwood Estate, comprising approximately 45 acres, located on the East side of Yardley Road between West Acres and Edgemoor Gardens, Lower Makefield Township, for a price reported at upwards of \$20,000. They had previously conveyed to Hans Brunner et ux the old mansion house on the property.

This land comprises the balance of the tremendous acreage formerly put together by the Moon interests and enjoys the great advantage of the low tax rate prevailing in Lower Makefield Township, while being immediately adjacent to the Borough of Morrisville, and only three or four minutes over the Calhoun Street bridge from the State House in Trenton, N. J.

Robert C. Crowell, vice-president of the company, has announced that the tract will be developed under its original name of "Glenwood Estates" and will be improved with approximately 75 custom built homes, the construction of which will start immediately after the war is concluded.

The company also reports that about 25 families have already moved into its Morrisville project, comprising 50 homes, and that the demand for the balance of these homes is in excess of the company's ability to meet production schedules, due to the shortage of labor in all categories. The company is now working on plans for an additional group of homes in Yardley and Bristol, and is active in co-operating with the HOLC remodeling program under the Lanham act which authorizes the Government to take over under lease and improve with apartment units, any building which may be acceptable to their inspectors and architects.

Coming in contact with a highly charged wire on Monday afternoon almost cost the life of Anthony Mardola, aged 17, son of Mr. and Mrs. James Mardola, of White Plains, N. Y., while he was working with a group of tree experts near Quakertown.

Mardola, who has been boarding in Allentown with his parents, climbed a tree on the property of Clear Spring creamery, and was attempting to remove branches of the tree from an electric wire. He came in contact with the wire, and the shock was so great that he was hurled about 15 feet to the ground.

The boy was removed to the Quakertown Community Hospital, where he is receiving treatment for shock and abrasions of the face and right shoulder. His condition is not regarded to be serious.

Two Bucks county Army nurses, Lt. Irene R. Goddall, New Britain, and Lt. Margaret Richardson, Doylestown, figured in the recent bus accident near Harrisburg, where a number of soldiers and army nurses were injured as a bus overturned and hurled into flames.

According to a letter received by John Ralsner, New Britain, a brother of Lt. Goddall, the two young women were returning from a 36-hour leave with relatives in Washington, D. C., and they were the only nurses in condition to administer aid to the injured before the arrival of the camp officers.

Lt. Goddall suffered lacerations and bruises resulting from being trampled upon, as the bus turned over on the side on which she was sitting. Six stitches were taken to close her wounds. She lost her suitcase, the contents of which were valued at \$70.

The day following the accident, Lt. Goddall showed indications of suffering from a fractured skull, and will be hospitalized for 8 to 10 days. Her recovery appears to be making progress.

One Man's Opinion

By Walter Klerman
(I. N. S. Staff Writer)

Well, we have discovered why so many people are insulting each other these days.

It's the Board of War Communications ban on telegrams of felicitation and congratulation.

For instance when Hen Wallace defines an "American Fascist" as anybody who doesn't agree with Hen Wallace, millions of super-heated patriots rush to the telegraph office to wire "You done noble, Hen—felicitations and congratulations."

Millions of anti-Wallace fans rush to the telegraph office to wire "You (one word censored)!"

So what happens?

So the girl in the telegraph office shifts her gun to the other cheek and says "The War Board of Communications won't let us accept the telegram of congratulations and felicitations. The other one is all right."

And there you are. Or rather there is Hen without one teeny weeny telegraphed word of congratulations and felicitations.

Thought for the day: If it's a knock, don't write—telegraph. If it's a boost, don't telegraph—write.

REPORT ITALIANS ALREADY SEEKING TO OUST GERMANS

London—The possibility that the Italians already are seeking to comply with Gen. Dwight D. Eisenhower's bid to oust German forces of aggression from Italian soil in return for immediate peace was seen today in reports that vigorous steps have been taken to prevent further entry of Nazi troops through the Brenner Pass.

This belief grew in London despite protestations of the Rome radio that Italy will stay in the war with Germany against the Allies.

Desire To Own Car Gets Youth Into Trouble

DOYLESTOWN, July 29—His desire to own an automobile got a 20-year-old farmer, son of a well-known Buckingham family, into trouble this week.

Surrounded by circumstances that are most unusual, Robert Neff, the offender, was arrested on Monday by State Police of the Doylestown sub-station, and on the information of Chief of Police Albert Cooper, of Morrisville, Neff has been charged with the theft of an automobile belonging to Frank A. Kincel, a used car dealer in Morrisville.

Neff was committed to the Bucks County Prison for a hearing before Justice of the Peace Neal Nolan on August 3rd.

According to State Police, young Neff, who was deferred from the draft to work on his father's farm, went to Morrisville on a number of occasions and looked at cars at the Kincel agency. He talked over the matter of a purchase with Kincel several times, it is reported.

Police say that Neff's father objected to the purchase of a car for his son, at this time, but on the night of June 14th, the young farmer drove a farm tractor to Morrisville to the Kincel place and there attached the Chrysler car that has attracted his eye for some time.

He pulled the stolen car back to his home section, without lights, the same night. Neff hid the car away in the woods in the Spring Valley section and there, for several weeks, he has been working on the car.

In the meantime the Morrisville dealer reported the car as stolen to Chief of Police Cooper, of Morrisville. Then a boy who had seen the car in the woods hidout reported what he believed to be an abandoned car, to the State Police at Doylestown.

The State Police sent out a teletype message describing the car believed to be stolen, and the Morrisville police caught the message.

The next checkup led to young Neff himself who had been seen working on the car in his woods-garage. When troopers questioned Neff he admitted taking the car, but said that he had intended to get the money from his father and pay for it.

HITLER'S TURN NEAR?

The tempo of the war in Europe has become so rapid that Mussolini has already been all but forgotten. Many persons in Allied nations are actually awaiting the imminent replacement of Hitler by one of his military lackeys, to be followed by perhaps a few weeks or months of fighting, all disasters for the Germans, and then unconditional surrender.

All this belongs to the category of wishful thinking, but it might be pointed out that more fantastic predictions than this have been made in the past, to be vindicated by events. It is even possible that on October 11, 1918, a reckless individual somewhere in Allied circles predicted that the First World War would end on November 11, 1918, or one month later. But there is no record of such a prediction having appeared in print.

In fact, in October, 1918, the British government communicated the discouraging news to Washington that the Kaiser was planning a new and more horrible all-out U-boat campaign for the spring of 1919, and warned the American government that only the building of a tonnage of new ships never before suggested as even a remote possibility could defeat the campaign, which London was convinced would be launched.

Obviously, London did not then think that the end of the war was near, or that it would occur before the spring of 1919.

But it is too bad, in a way, that Mussolini has been relegated to the past with such rapidity. The squat little bantam, who started as a murderer and became something of an international joke really took himself seriously when he went into Ethiopia, and he left his impress on his times in other ways. Hitler undoubtedly was inspired to the seizure of the German government by the success Mussolini was having in Italy at the time, and other features of Nazism were originated by the dictator in Rome.

Mussolini's black shirts became the brown shirts of Hitler. The little socialist agitator who nurtured his ego on the plaudits of a simple people who permitted themselves to be told that they were about to become the master race—another idea later stolen by Hitler—really did considerable damage in his way. Millions of new graves in Europe attest to the efficacy of the movement he started in 1922, with the acquiescence of Italy's puppet king.

What, if anything, will be Mussolini's punishment after the war remains to be seen. But if Hitler joins him soon in the discard, perhaps the Allies can proceed to make arrangements for a double hanging. Certainly, if London and Washington are too squeamish to stretch the necks of this pair, all they will need to do is turn them over to Stalin. Joe will have no qualms.

Brides, fired with enthusiasm for conserving food, are beginning to realize that canning involves something more than cans.

mate the taxes which would be paid upon such projects if they were not exempt from taxation. However, he explained that the law permits appropriate allowances for expenditures made by the federal government for streets, utilities or other public services to serve such projects.

United Nations Assured Allies Are Preparing To Move On To Crush The Axis

Continued From Page One

was considered one of the most important parts of his address. In some Republican Congressional quarters it was viewed as a bid for the political support of the returning soldiers when the war is over.

The proposed plan includes mustering-out pay to every honorably discharged member of the armed forces and merchant marine; special unemployment insurance; subsidized educational facilities; improved and liberalized medical care for disability cases; and "sufficient" pensions.

The President's statement that "ahead of us are much bigger fights" was interpreted in Washington as an appeal to the American people to gird themselves for the more decisive battles of the Second

World War—battles that will take a far heavier toll in casualties than anything that has happened thus far.

President Roosevelt's remark that the defeat of Hitler and Tojo, and their gangs, will be no easy matter was seen as an effort to curb quickly the spread of any misplaced belief in this country that the war is nearly over because of the swiftness with which Fascism appears to have collapsed in Italy when the Allied armies struck at the "soft under-belly" of Europe.

High military and diplomatic sources in Washington were in unanimous agreement with the President's warning that defeating Hitler and Tojo "on their own home grounds" will require "a far greater concentration of our national energy and our ingenuity and our skill."

Authoritative sources said it was because of the conviction that hard days still lie ahead that the President emphasized any complacency or indifference on the part of the home front "may sacrifice the lives of American soldiers and contribute to the loss of an important battle."

Meanwhile, Italy had blunt notice from the President that there will be no deal or compromise with the new royalist regime of King Victor Emmanuel and Marshal Pietro Badoglio. The President made it unmistakably clear that unconditional surrender represents the only terms on which Italy can get peace with the United Nations.

"We will have no truck with Fascism in any way, shape or manner."

Events for August Are Arranged by 8 'n' 40

Fifteen members of Bucks County Salon, No. 74, 8 'n' 40 Societies, met in the Bracken post home last evening for their July business session. Mrs. Gilbert Bonnell, of Langhorne, presided.

Hostesses during the social hour were Mrs. Joseph Mucklow, of Hulmeville; and Mrs. Harold H. Dettmer, of Cornwells Heights.

Three boxes of gifts were arranged to be dispatched to a woman and two men in the service.

A card party is planned for August 12th, and a corn and "doggie" roast as a feature of the August meeting. The August session will be held at the home of Mrs. Harry Heller, Trexese.

South Clarke's SHOPPING TIPS FOR BUDGETEERS

AGENERAL SPEAKS! Right on the battle line soldiers and sailors play games in off moments. One general says that nothing quite so relaxes their minds, allays their fears, as becoming interested in backgammon, bingo, checkers, chess, China-peg, goal, acy-duecy, etc. Every game mentioned is now to be had at the Snellenburg Service Canteen (1st near the Stationery Dept.) in pocket-size cases like little books! Send several. Only \$1 each! Mailed free everywhere to service folks!

AN IMPORTANT NOTE in fashions is the stressing of untrimmed coats for winter and fall. One authority is quoted as saying that the "untrimmed" is a must in the wardrobe of every well-dressed woman. The Snellenburg Junior Miss Shop Dept. is, consequently, collecting some of the best untrimmed styles to be found, priced from \$22.95 to \$55. I call the attention of all fashionable Budgeteers to the so-called "boys' coats, boxed, with Chesterfield velvet collars. These are genuine "Stretches," 100% wool, and they are beautiful. Warmly interlined. Wear with or without fur-pieces or add your own fur. Purple, green, brown, opal, red, beige, etc. \$29.95, 2nd fl.

A PROTECTOR of mattresses and sheets costs but \$1. A torn sheet is usually a greater loss. Personally, I wouldn't be without a "Seeco" pad for putting over coil springs. Not only does it protect the mattress and sheets from tearing and rust, but it prevents dirt from impregnating the mattress. The pad is tough and lasts. In winter it makes a warmer bed because it keeps out floor cold. I advise you to order one at once—it's a Duration economy. Twin, three-quarter, and full-bed sizes. The Snellenburg Bed Linens Dept., 2nd fl.

DARLING, DARLING dresses for little girls, three to six years old, are to be found in that nice new Infant's Dept. located on the second floor of the new Chestnut St. Snellenburg wing. The dresses look like frosted bonbons, and yet have that simplicity necessary for good taste in juvenile dressing. The little shadow or frosted organdie frocks are just right for parties, Sunday School, and visiting—"best frocks," in fact. Only \$3.95 each, and safe for a doting grandmother to order sent sight unseen! Why not?

P.S. Shop personally—this friendly store is located at 11th and Market Sts. Order by mail, or "phone free (5c, 10c, and 15c out-of-town calls only). Pennsylvanians call ENTERPRISE 10160. New Jersey "Budgeteers" call WX 1150. Faithfully, FAITH.

GOOD NEWS! Newest fall fashions in hats are now to be seen in the always "first" Millinery Department on the Snellenburg main floor. Not only is this department ahead in styles, but its prices are among the most reasonable to be found for really wearable hats. Personally I am fond of August velvets. They're so flattering and can be worn up until and when the snow flies. The department has some darling velvet "pompadours" and "calots" that add glamour plus. Both these styles come in several variations, so that you are sure to find a becoming one. Priced at only \$2.85. Other hats in this department are priced at \$1.95 to \$4.75, and look worth much more.

IN ALL THE CITY I have not seen such a large collection of the new printed dinner cloths nor such a gay array, as will be found in the Table Linens Dept. (2nd fl.) of the Snellenburg store. This is a pet department of mine, and this time it is certainly doing itself proud! These cloths make delightful shower and dinner cloths, and bring cheerfulness to one's own table. The cloths are of fine but sturdy printed cotton and measure 58x80 in. White grounds, of course, but with the flowers and patterns in charming bouquet colors. \$3.00. Easily laundered.

SALE ADVANCED: The Furniture Sale—always outstanding in the Snellenburg store—is already in progress. There are so many real "buys" that I have a hard time deciding upon which one to tell you about in detail. Seek the fifth floor Furniture Dept. and make a long and thorough visit. Be particularly sure, however, to see the three-piece 18th Century Bedroom Suites at the very low price of \$99 for the duration of the Sale. They are fashioned of rich mahogany veneer over hard gumwood, and very desirable. Check on this item!

THE FUR COAT YOU'VE WANTED is certainly to be found in the advance group of coats, at satisfying prices, to be had in that good Snellenburg Fur Dept. on the shop's 2nd floor. If you are going to buy a fur coat don't wait. And be sure to look at an exciting Persian, black and lustrous and Russian, at only \$339! Its fitted lines slenderize. Sizes 12 to 18. Other Snellenburg coats at good prices, from \$98 to \$569.

O God, our Heavenly Father, make us forgiving even as we seek to be forgiven. Let the spirit of love so dwell within our hearts that we are able and willing to forgive those who transgressed against us and who have misused us. Let us remember that it is necessary for us first of all to forgive those who have sinned against us before we can experience the forgiveness of God. Let this spirit pervade all people and all nations, so that a happy conclusion to the woes of the world may be reached and an abiding peace established. Through Jesus Christ our Lord. Amen.

DIAMOND IX MOVES INTO A DEADLOCK FOR FIRST PLACE

Scores 7-1 Victory Over League-Leaders, Voltz-Texaco

HIRST ON THE MOUND

Win for Rohm & Haas Tonight Would Make 3-Way Tie

BRISTOL SUBURBAN LEAGUE

Schedule for Tonight
HUNTERS and ROHM & HAAS
(Maple Beach field)

The Diamond team moved into a deadlock for first place in the Bristol Suburban League last evening by scoring a 7-1 victory over the erstwhile league-leaders, the Voltz-Texaco nine. The Rohm and Haas team is one-half game behind the leaders and a win for the chemical mixers tonight will make it a three-way tie for first.

It was Dick Hirst who pitched the Diamond boys to victory. Dick allowed the gasmen but three hits which he kept well-scattered and the only Voltz run was unearned. Shackleton was the losing pitcher, he having been relieved by Bartholomew. Hirst struck out nine batters and walked but one.

Besides his uncanny pitching, Hirst helped the Diamond team offensively when he climaxed a five-run rally in the second with a home run to deep left field. Two runners were on the bases at the time.

Sal Pappatera kept his batting average intact by getting two out of four while Stratton and Baurath who are in the selected group both had one hit, the former going to bat twice and the latter once. Stratton's hit was a triple in the last frame but could not help the Voltz-men.
